**In the Specification:**

Please replace the paragraph beginning on page 10, line 30 with the following amended paragraph.

If it turns out that the number of retries is less than the predetermined number, it is determined that the data overwrite process is unnecessary and the process is ended. On the other hand, if the number of retries is equal to or larger than the predetermined number, it is determined that the data overwrite process ~~is~~ is necessary and Step S103 is performed.
